The 70th Anniversary of SNU International Nursing Symposium

ADVANCES IN GLOBAL NURSING EDUCATION AND LEADERSHIP

November 1, 2016

Hoam Faculty House,
Mugunghwa Hall(2nd floor, Convention Center)

Seoul National University

**The Research Institute
of Nursing Science**

Welcome

We are pleased to invite you to the 70th anniversary of the SNU International Nursing Symposium of the Research Institute of Nursing Science to be held at Seoul National University on November 1, 2016.

The symposium is entitled Advances in Global Nursing Education and Leadership.

We are holding this symposium to celebrate the 70th anniversary of the foundation of our college and 110th anniversary of nursing education.

This symposium aims to examine past and present academic achievements of nursing and discuss the future direction of nursing development.

At this symposium, deans from the University of Minnesota and Oita University of Nursing and Health Sciences, which are signed as MOU schools with us, are invited as special guests.

This will be a great opportunity to exchange recent knowledge about nursing education and leadership.

Additionally, we will listen to a lecture about global nursing leadership and education challenges in the 21st century from Dr. Carol Huston, a former president of Sigma Theta Tau International.

Despite the short duration of the symposium, it is expected to be a chance to provide information to nurses in Korea and across the world by considering the future of nursing education in Korea.

Please join us at this exciting nursing event in Seoul, Korea. We welcome your contribution as a participant.

Thank you,

Sungjae Kim, PhD, RN

Dean and Professor

College of Nursing, Seoul National University

Hae Won Kim, PhD, RN

Professor and Director

of the Research Institute of Nursing Science

College of Nursing, Seoul National University
